

**EKA PRESS TECHNO SERVICES PVT. LTD.**

**CASE STUDY  
SERVICE: COATING**

**CUSTOMER: WBPDCCL-BKTPP**

**EQUIPMENT: COATING OF Y PIECE OF COAL MILL**

---

## **Y-PIECE OF COAL MILL**

---

**In a 210 MW thermal power station, the Y-piece is getting eroded very quickly due to coal dust in the coal mill area. This erosion was repaired by Duromar Erosion Protection Coating.**

# BEFORE APPLICATION

Eroded Y-Piece of Coal Mill due to Coal Dust

# DURING APPLICATION

HAR & Durotiles of Duromar are used to protect it from being eroded by Coal Dust

# AFTER APPLICATION

Eroded Y-Piece is cured after completing the Coating Application using HAR & Durotiles of Duromar

---
